

## Candy Cane Wall Hanging - 26" x 36"

Color 1: Cut 2 rectangle strips $241 / 2^{\prime \prime} \times 21 / 2^{\prime \prime}$
Cut 2 rectangle strips 14 1/2" x 2 1/2"
Cut $31 / 2^{\prime \prime}$ squares for half-square triangles
Color 2: Cut 2 rectangle strips $241 / 2^{\prime \prime} \times 21 / 2^{\prime \prime}$
Cut 2 rectangle strips 14 1/2" $\times 2$ 1/2"
Color 3: Cut 2 squares 2 l/2", cut 4 rectangles $41 / 2^{\prime \prime} \times 2$ l/2", cut 2 rectangles $61 / 2^{\prime \prime} \times 21 / 2^{\prime \prime}$, cut 1 strip $121 / 2^{\prime \prime} \times 21 / 2^{\prime \prime}$, cut 1 rectangle $81 / 2^{\prime \prime} \times 121 / 2^{\prime \prime}$, cut 6 squares $31 / 2^{\prime \prime}$ for half-square triangles.

## Color 4:

Cut 4 squares $61 / 2^{\prime \prime} \times 61 / 2^{\prime \prime}$, cut 1 square $41 / 2^{\prime \prime}$ by $41 / 2^{\prime \prime}$, cut 4 squares $21 / 2^{\prime \prime}$ for flying geese, cut 4 squares $31 / 2^{\prime \prime} \times 31 / 2$ " for half-square triangles.
Color 5: Cut $3 \mathrm{l} / 2^{\prime \prime}$ squares for half-square triangles.
Color 6: Cut $31 / 2$ " squares for half-square triangles.
Color 7: Cut $31 / 2^{\prime \prime}$ squares for half-square triangles.

Half-Square Triangles - you will be making 28 half-square triangles, color variations with amount required will be provided after these piecing instructions for 1 half-square triangle block.

1- Draw a diagonal line on the wrong side of 1 square $31 / 2^{\prime \prime}$ (pink) and place it right sides together with another $31 / 2^{\prime \prime}$ square (red) and sew a $1 / 4^{\prime \prime}$ seam on both sides of the drawn line. Shown as diagonal dashed lines in the diagram above.
2- Cut along the drawn line to get 2 half-square triangle blocks, press seams.
3- Trim block to $21 / 2^{\prime \prime} \times 2$ l/2" square.
***Note - I built my candy cane block from the bottom up and pressed my seams in opposite directions so that they would fit nicely together. I pressed the seams as I completed the blocks. Also, for the half-square triangle blocks that will be sewn to another triangle, do not trim the block until after they are sewn together. Instructions for that block below on next page.

3 triangle block - color variations and amount required available in diagram to the left.

1- Take a half-square triangle block and place it
 right sides together with a 3 l/2" square. Draw a diagonal line as shown on diagram.
2- Sew 1/4" away on boths sides of drawn line.
As shown as a diagonal dashed line in the diagram above.
3- Press seams.
4- Trim block to $21 / 2^{\prime \prime} \times 21 / 2^{\prime \prime}$ square.
You will make 6 blocks with the above color variations.

## Flying Geese blocks: make 2

1- Draw a diagonal line on the wrong side of a yellow $21 / 2$ " square and place it right sides together on the left side of the grey $41 / 2^{\prime \prime} \times 21 / 2^{\prime \prime}$ rectangle. Sew along the drawn line. Trim excess fabric leaving a $1 / 4$ " seam allowance and press seam out.
2- Place another 2 1/2" yellow square rights sides together on the right side of the grey rectangle and sew along the drawn line. Trim and press.

## Final Assembly:

l- Sew the candy cane block together in 4 sections using the blocks made and remaining cuts of fabric. The sections are divided by the bold black lines in the diagram to the left. Press seams well.
2- Sew together the white and red strips and press seams.
3- Sew together the top and bottom white and red sections to the yellow $61 / 2$ " square.
4 - Sew the white and red sections to each side of the quilt, press seams.
5- Sew the top and bottom border. Press seams.
Quilt as desired and pick a fun binding!

Merry Christmas! I hope you enjoyed this cute project!
